

Congratulations! Here are a few tips to enhance your enjoyment of your Liquid Solution® product.

- Hand wash all parts in warm soapy water.
- Not dishwasher safe.
- Do not use bleach or cleansers containing chlorine to clean.
- This product was designed to keep liquids hot or cold. When drinking hot liquids, please allow them to cool to a drinkable temperature before securing lid.
- Be careful when securing the lid, as liquid may escape. Always check to make sure your lid is secure before drinking.

WARNING:

- Do not overfill with hot liquid. Serious burns may result.
- Do not place product on a stove top or other heat source.
- Body of product is microwave safe.
- Remove lid before placing in the microwave.
- When filled with hot liquids, keep out of reach of children.
- The lid is designed for temperature retention, spill reduction and easy drink-thru.
- The lid is not leak proof.

After you have enjoyed your mug,
please recycle the parts at a recycling center near you!
