

Congratulations! Here are a few tips to enhance your enjoyment of your Liquid Solution® product.

- Wash all parts in warm soapy water before using.
- Hand wash only. Dishwasher may damage and greatly reduce the life of your Vacuum-Bottle.
- Do not use bleach or cleansers containing chlorine to clean.
- This product was designed to keep liquids hot or cold for an extended amount of time. When drinking hot liquids, please allow them to cool to a drinkable temperature before drinking.
- For best results preheat Vacuum-Bottle for 5 minutes with hot water or cool Vacuum-Bottle for 5 minutes with cold water before filling.
- Be careful when securing the stopper, as liquid may escape. Always check to make sure your stopper is secure to prevent leakage.

WARNING:

- Do not overfill with hot liquid. Serious burns may result.
- Do not store liquids that may ferment more quickly, such as milk, apple and orange juice, or soups for more than 6 hours. These foods may build up pressure when stored in a tightly sealed container over 6 hours. If this pressure causes the product to burst it could result in an injury.
- This product is made with stainless steel and is NOT microwave safe.
- Do not place product on a stove top or other heat source.
- When filled with Hot liquids, keep out of reach of children.
- Do not put carbonated liquid inside the Vacuum-Bottle, injury may occur.
- Only open the stopper when the Vacuum-Bottle is in an upright position, injury may occur.

After you have enjoyed your mug,
please recycle the parts at a recycling center near you!
